| • Problem Solving & Prioritization | • Documentation & Records Management | • Time, Budget & Resource Management |

Professional Experience

Owner / Operator | Windy Mountain Property Inspection | Laramie, WY | 2020 - Present

- Conduct comprehensive residential property inspections covering structural, roofing, exterior, interior, plumbing, electrical, HVAC, insulation, attic, crawlspace, basement, and ventilation systems.
- Evaluate properties for safety concerns, material defects, deferred maintenance, moisture intrusion, drainage issues, mold-like conditions, and other repair or maintenance risks.
- Prepare clear, photo-supported reports that summarize observed conditions, deficiencies, repair priorities, and recommended next steps for buyers, sellers, owners, and real estate professionals.
- Explain technical findings in plain language so clients can understand property condition, repair urgency, maintenance needs, and practical options.
- Manage client intake, scheduling, field documentation, report delivery, follow-up communication, and day-to-day operations for an independent inspection business.

Owner / Operator | Woodhouse Lawn & Home | Laramie, WY | 2014 - Present

- Founded and operated a residential and commercial lawn care, landscaping, irrigation, snow removal, and home maintenance business.
- Manage estimating, proposals, scheduling, purchasing, bookkeeping, billing, customer service, marketing, hiring, crew supervision, and service quality control.
- Supervise and train seasonal crews of up to 5 employees, setting expectations for safety, productivity, client interaction, equipment care, and jobsite professionalism.
- Coordinate labor, materials, equipment, weather constraints, and customer timelines to complete recurring and project-based work reliably and efficiently.
- Build long-term client relationships through responsiveness, honest recommendations, consistent follow-through, and attention to property condition and presentation.

Field Archaeologist / Cultural Records Specialist | Office of the Wyoming State Archaeologist & Wyoming Cultural Records Office | Laramie, WY | 2007 - 2014

- Conducted archaeological surveys, excavations, field assessments, mapping, artifact documentation, and cultural resource records management across Wyoming.
- Assisted with GPS/GIS mapping, site recording, artifact analysis, database updates, and preparation of accurate field and records documentation.
- Collaborated with archaeologists, tribal representatives, agencies, and project stakeholders while supporting Section 106, NEPA, and state preservation requirements.
- Developed transferable strengths in field logistics, regulatory awareness, land-use evaluation, records accuracy, stakeholder communication, and disciplined reporting.

Education & Certification

Bachelor of Arts in Anthropology - University of Wyoming, Laramie, WY | 2007

Kaplan University Home Inspectors Certificate | 2020

Laramie High School, Laramie, WY | 1994
